**1 Identification**

- **Product Identifier**
- **Trade Name:** NOIL™
- **Product Number:** K-H65A
- **Relevant identified uses of the substance or mixture and uses advised against:**
- **Product Description:** Oil-Free Hydraulic Fluid
- **Application of the substance / the mixture:** Water-Based Lubricant
- **Details of the Supplier of the Safety Data Sheet:**
- **Manufacturer/Supplier:**  
Kaady Chemical Corp.  
2545 SW SPRING GARDEN ST STE 120  
PORTLAND, OR 97219  
1-510-562-9788  
www.kaadychemical.com
- **Emergency telephone number:** +1-800-424-9300

**2 Hazard(s) Identification**

- **Classification of the substance or mixture:**

GHS08 Health hazard

STOT RE 2 H373 May cause damage to organs through prolonged or repeated exposure.

GHS07

Acute Tox. 4 H302 Harmful if swallowed.

- **Label elements:**

- **GHS label elements**

The product is classified and labeled according to the Globally Harmonized System (GHS).

- **Hazard pictograms:**

GHS07 GHS08

- **Signal word:** Warning

- **Hazard-determining components of labeling:**

Diethylene Glycol

- **Hazard statements:**

H302 Harmful if swallowed.

H373 May cause damage to organs through prolonged or repeated exposure.

- **Precautionary statements:**

P260 Do not breathe dust.

P264 Wash thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

**7 Handling and Storage****· Handling****· Precautions for safe handling:**

Avoid breathing vapors or mist.  
 Avoid contact with eyes, skin, or clothing.  
 Keep containers closed when not in use.  
 Do not expose containers to open flame, excessive heat, or direct sunlight.  
 Do not puncture or drop containers.  
 Handle with care and avoid spillage on the floor (slippage).  
 Keep material out of reach of children.  
 Keep material away from incompatible materials.  
 Wash thoroughly after handling.

**· Information about protection against explosions and fires:** No special measures required.**· Conditions for safe storage, including any incompatibilities:****· Storage****· Requirements to be met by storerooms and receptacles:** No special requirements.**· Information about storage in one common storage facility:**

Keep container tightly closed.  
 Avoid inhalation of vapors or mist upon opening container.  
 Store below 120 °F (49 °C).  
 Store away from strong acids.  
 Store away from strong oxidizers.  
 Store away from Zinc metal.

**· Further information about storage conditions:** None.**· Specific end use(s):** No further relevant information available.**8 Exposure Controls/Personal Protection****· Additional information about design of technical systems:** No further data; see section 7.**· Control parameters:****· Components with occupational exposure limits:**

**Trade Name: NOIL™****Additional toxicological information:**

The product shows the following dangers according to internally approved calculation methods for preparations:

Harmful

**Carcinogenic categories:****IARC (International Agency for Research on Cancer):**

None of the ingredients are listed.

**NTP (National Toxicology Program):**

None of the ingredients are listed.

**OSHA-Ca (Occupational Safety & Health Administration):**

None of the ingredients are listed.

**12 Ecological Information****Toxicity:**

**Aquatic toxicity:** No further relevant information available.

**Persistence and degradability:** No further relevant information available.

**Behavior in environmental systems:**

**Bioaccumulative potential:** No further relevant information available.

**Mobility in soil:** No further relevant information available.

**Additional ecological information:****General notes:**

Do not allow product to reach ground water, water course or sewage system.

Danger to drinking water if even small quantities leak into the ground.

Rinse off of bigger amounts into drains or the aquatic environment may lead to increased pH-values. A high pH-value harms aquatic organisms. In the dilution of the use-level the pH-value is considerably reduced, so that after the use of the product the aqueous waste, emptied into drains, is only low water-dangerous.

**Results of PBT and vPvB assessment:**

**PBT:** Not applicable.

**vPvB:** Not applicable.

**Other adverse effects:** No further relevant information available.

**13 Disposal Considerations****Waste treatment methods:****Recommendation:**

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Observe all federal, state and local environmental regulations when disposing of this material.

**Uncleaned packagings**

**Recommendation:** Disposal must be made according to official regulations.
